Student Leaders To Share Their Views On Education With Legislators

~Students represent delegations back home on education reform~

Tallahassee, FL- Fresh from debate at Florida's first Student Education Policy Conference, student leaders will travel to Tallahassee Thursday, March 5 to present their resolutions to key education leaders and legislative members. "I look forward to sharing our views on education during a time when everything seems to be on the chopping block," said Frank Hernandez, senior at the University of South Florida. "As students, it's our responsibility to get involved in the public debate and we're excited about doing so," said Hernandez. The student/legislative meetings begin at 9am (See Complete Schedule Below). Students traveling to Tallahassee serve as chairperson to student delegations from FAU, FIU, USF, UCF, UF, UNF, FAMU, and FSU. The student delegations recently met in Boca Raton to debate and come to consensus on education reform measures important to them. ENLACE Florida, a statewide network promoting college readiness, access, and success for underrepresented students, is coordinating the effort.
