## **2020 Florida Legislative Session Preview**

*College and career pathways, higher education finance, and other proposals impacting students*

The 2020 Florida Legislative Session starts tomorrow, January 14, with Florida's education system front and center on the agenda.

While school safety and teacher pay dominate many of the conversations surrounding education, talent development continues to be a top priority for policymakers throughout the state. Out of the approximately 3,200 bills proposed to date, which are best poised to impact postsecondary access and attainment for Florida students?

FCAN's 2020 Florida Legislative Session Preview includes some of the top budget priorities and education proposals to watch this session. This preview is the first in a series of FCAN releases during session to track policy updates related to college and career readiness, access, and success.
